SUBJECT Summer Employment

ACTION REQUIRED - REFERENCES

1. For the past several years, children and wards of Organization employees have been given the opportunity to compete for a limited number of summer-time only appointments at headquarters. Such employment opportunities have necessarily been restricted to these dependents for economy and security reasons. However, the Civil Service Commission has recently announced an antinepotism rule which prohibits Government agencies generally from employing a son or daughter in the same agency as his or her parent during the period of 1 May to 30 September. Since the Organization cannot accommodate its summer employment program to this new rule, it has been decided to cancel plans for summer-only employees this year. Notice of this decision is being sent to employees' children now present in our country who have already filed applications for summer-only employment.

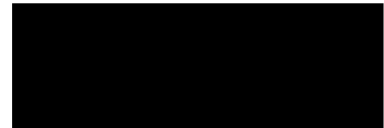

2. The above policy applies also to the field. No one should be hired by the Organization; [REDACTED]

3. Should a dependent of an Organization employee apply for summer employment elsewhere, either in another Government agency or in a non-Government organization, the employee should ensure that any information which the dependent supplies concerning the employment of the Organization employee is consistent with cover arrangements applicable to the latter.
