

There are seven tests of remote viewing where  
the poly & remote viewing are done simultaneously.

is a EEE consultant to project.

STAT

There is a number of other early runs that have  
some EEE, and some poly data but this is not  
consultant.

The only function which correlated appears to be  
a pushing down of EEE.

Activity Exp.

6 subjects will do 9 drawings & these will be matched with replacement by a separate group of judges.

Sub.	{	1. Pat	
		2. Sawyer	
		3. Dyer completed 2	
Cont.	{	4. Holt " 4	
		5. Marshall P none complete	
		6. Phyllis Cab	

Expect to have lots completed & judged by end of Nov. all targets have been chosen randomly

Teaching machine has been completed with 4 subjects and 2 are partially done

Drawings test have been completed by Dyer & Pat but nobody else. 10 drawings will be completed by each subject.
