25X1A9a [redacted] came to the Administration Building receptionist and requested the special pass which had been left with [redacted] I ran down Dick by telephone and although he described the pass to me, I was unable to find it. I apologized to [redacted] and on learning that he was headed for a meeting with Mr. Sheldon, I called the latter and arranged for [redacted] to be taken right in despite the lack of a pass. [redacted] pointed out that this pass is soon to expire and requested that it be renewed. *(Done by memo to I+S - 16 Dec.)*
