

13 August 1954

FOR THE RECORD

SUBJECT: Release of CIA/RR PR-60, "Western European Shipbuilding  
for the Soviet Bloc and its Effects on the Bloc Economy

25X1X7

PR-60 was not sanitized for release [REDACTED]  
for the following reasons:

Sources quoted include a large number of references to the files of I/SH and to I/SH contributions to various other publications including NIE's. Sanitizing would require a complete check of all material taken from these files. In addition, there would be some question as to the releasability of sources listed in Source No. 1 including the OCI Current Intelligence Digest. Source No. 45 was not available for checking purposes inasmuch as St/PC did not receive from St/PB the original manuscript of this report.
