25X1A9a 1.

reported on last week's ORR Career Service Board meeting. had developed a document that spelled out his ideas on requirements for career counselling. The CSB group finally came up with the idea that each supervisor must understand what are our objectives in long-range development. A proper career development program will require the highest type of supervision. The supervisors must be able to provide proper career guidance to individuals under their supervision. requested that each Division chief prepare a statement on career development in his Division. This statement to be sent to by 5:00 p.m. tomorrow, 1 March 1955, and will list major categories of career positions with a statement of objectives for each category. This statement will show what types of individuals each Division is trying to develop, types of experience that would contribute to maximum development of individuals in each category, and statements of desired performance level for each category. The Geographic Area should eventually come up with an over-all statement of career development in the Geographic Area, primarily as an aid to supervisors.

25X1A9a 4. [redacted] mentioned a request from Army Map Service as to whether D/GG liked having the UTM grid on AMS map indexes. D/GG reported that it was not particularly useful to them, but might be to other parts of the Agency. [redacted] asked that [redacted] prepare an answer to Colonel Julian D. Abell of AMS. [redacted] will sign and send copies to St/I and to [redacted] of RQM/OIS. 25X1A9a

25X1A9a 5. [redacted] reported that a SAC representative will be in town this week to discuss SAC's requirements for the E & E program with AFOIN and D/GG.

25X1A9a 6. [redacted] commented that FI is selecting safe areas for West Germany and will ask D/GG to approve these selections.

25X1A9a 7. [redacted] reported that he and [redacted] established initial contacts last Thursday with Army, Navy and Air Force on the projected graphics requirements group. This week they will also see Colonels Pratt and Merritt of ACIC. 25X1A9a

25X1A9a 9. [redacted] advised that D/GP has a Stereo-photoprojector that can be used in briefings. Stereo-pairs are needed for its use, and stereo-maps can be relatively easily prepared and projected.

10. The current photo intelligence analysis of the China Coast for an NIE has uncovered a lot of gaps in the transportation system, according to [redacted]. This will cause considerable revision of the portions of the NIE dealing with transportation capacities.

11. ONR has a conference scheduled soon on unidentified flying objects and [redacted] will attend.

12. [REDACTED] conferred last week concerning the  
25X1A9a authority to classify and reclassify maps. The producer has the authority,  
and [REDACTED] will do so for D/GC maps.

25X1A9a 13. [REDACTED] has checked on the agreement to omit the espionage  
statement on D/GC maps and it is still O.K., so long as we stamp the  
statement on any copies distributed to units outside CIA, State or  
25X1A9a Defense. [REDACTED], however, reported that we should be stamping  
the security classification three times on a map instead of twice,  
and that we will either have to comply or get an exception.

25X1A9a 14. [REDACTED] reported a Navy study has been issued on Soviet  
procurement in this country.

15. A regional study on the Siberian Islands will be initiated  
soon according [REDACTED] 25X1A9a
