Memorandum

TO : Director of Basic Intelligence

DATE: 31 August 1966

FROM : Chief, Editorial Division

SUBJECT: Relationships Between DD/I and DD/S&T

1. Paragraph 9 of the so-called interface agreement has general applicability to OSI-produced NIS (Sections 7 and 45) and does not require change.

2. Paragraph 10 has some relevance to the processing of NIS Section 7 (Scientific). It does not conflict with current practice and, from an NIS point of view, does not require change. Contributions to Sections 7 from Defense and CIA contractor are consolidated by OSI and submitted to JAEIC (for nuclear energy only) and to SIC for coordination and review before submission to OBI. In addition, JAEIC and SIC approve the selection of areas for NIS scientific coverage.
