# Memorandum

TO : Director of Basic Intelligence

DATE: 2 September 1966

FROM : Chief, Cartography Division, OBI

SUBJECT: Proposed Folio on Communist China

1. The attached memorandum lists pertinent information on the format and content of the proposed folio of maps on Communist China.
2. The status of the project as of this date is as follows:
  - a. The cover stock, Holly Red on Spanish embossed surface, has been selected and PSD requested to order.
  - b. The Defense Intelligence Agency is in the process of updating transportation on regional maps. (South China sheet has been completed.)
  - c. Orientation Globe (Map #2). This is planned to be a full color airbrush rendition, as of now in the planning stage.
  - d. General map with terrain (Map #3). This map is the NIS Standard Base and will need only slight modifications before printing. This base will be used for maps 9 through 19 but without terrain shading
  - e. The regional maps will be modifications of NIS Chapter II bases segmented from the overall China Wall Map. Production of the regional maps and Chapter II bases is progressing simultaneously. South China has been compiled and is in drafting; all others are in compilation awaiting DIA road and railroad data.
  - f. The Map Library has delivered the general source maps requested by CD/F for use in planning maps 11 through 19.
  - g. Commitments of support have been received from the Map Library, Geography Division, and ORR.
