MEMORANDUM FOR: Director of Basic Intelligence

SUBJECT : Report of the ADP Committee of OBI

25X1A9a  
25X1A9a  
25X1A9a

1. The Committee met on this day in the Magazine Building. Present in addition to the regular members were Messrs. [redacted] from 25X1A9a the Director's Office and [redacted] of GD/BI. For the first time, [redacted] 25X1A9a [redacted] represented ED/BI.

2. [redacted] from the Analysis Division of DD/S&T, gave a very complete rundown on remote stations. Possible applications for OBI components include editorial review, information storage and retrieval, and graphic generation. ORD is searching for an existing system to experiment with--preferably one that is unclassified. Committee members will endeavor to locate a suitable application in their own Divisions.

3. Recent developments such as the 5-year ADP Plan, the new Information Processing Coordinator, and the new ADP Project Request Form were discussed briefly.
