MEMORANDUM TO MR. TIDWELL, CHAIRMAN MC&G WORKING GROUP

*HK*

SUBJECT: Sun Angle Criteria for Evaluating Panoramic Photography

1. A recent technical review has been made in map and chart production agencies relative to the above subject. The purpose of this memorandum is to recommend a change in this criteria.

2. It is recommended that subparagraph g of the "MC&G Evaluation Criteria for KH-4 Panoramic Photography", issued as an attachment to MCGWG-M-21, 23 September 1966, be revised to state as below:

"The minimum sun angle will be 12 degrees for low and moderate relief areas, and 15 degrees for extreme relief areas."

A handwritten signature in black ink, appearing to read "R. H. Kingsley".
