MEMORANDUM FOR: Executive Officer, National Photographic Interpretation Center

THROUGH : Chief, Management Staff, O/DD/I

SUBJECT : Parking

25X1A

1. In the current reallocation of parking spaces in the [redacted] compound, it is requested that you give consideration to the requirement for the three officers (one DIA and two CIA) assigned to the COMIREX Staff there to use their own automobiles for official travel between [redacted] and Headquarters Building and between [redacted] and the Pentagon. Having assigned parking spaces in the compound would certainly facilitate this by reducing the time required as well as the inconvenience.

25X1A

25X1A

2. I am assuming the arrangement whereby at least eight parking spaces are made available for COMIREX use on days when the Committee meets in [redacted] will be continued.

25X1A

[redacted signature block]
