SUBJECT : White House Request for Omnibus NSCID

1. Per your request of 12 January 1976, a copy of the Omnibus NSCID was delivered to Mike Duval of Jack Marsh's office at the White House at 1010 hours this date by [redacted] and Chuck Wilson. The package included the following:

a. Memo to DCI from Dep SecDef, dated 4 April 1975, Subject: Omnibus NSCID.

b. USIB-D-4.1/6, dated 4 April 1975, Subject: NSCID.

c. USIB-D-4.1/6, dated 31 March 1975, Subject: NSCID.

d. Memo to DCI from [redacted], dated 31 March 1975, Subject: USIB Reconsideration of the Omnibus NSCID.

e. Omnibus NSCID, dated 21 March 1975.

2. Mike Duval said he appreciated the package. It was what he needed and would help him draft a memo to the President due at 1400 hours today.

3. [redacted] explained the contents of the package and pointed out where each agency had taken exception to the earlier draft. [redacted] also emphasized that the only thing missing from the Omnibus NSCID was the CIA/FBI relationship which was included in the proposed NSCID No. 9.

4. Mr. Duval was interested in who on the IC Staff would be the point of contact for assistance in revising the NSCID. [redacted] informed him that [redacted] would normally be, but that he was on TDY and would not return until 26 January. Duval said "it should be all over by then" and asked who would be the backup man. [redacted] said it would be Mr. Knoche.

5. When asked how things looked from the weekend NSC meeting, Duval said "some form of Option 4." He also mentioned that this option would be reflected in an unclassified E.O. or NSCID and that is why this Omnibus NSCID would be useful.

6. Coordination Staff has a rather complete file on the NSCID and related organizational matters, if you need assistance.
