To the Director of the C.I.A.-organization
 WASHINGTON
 USA.

Dear Sir !

Herewith we have the pleasure to send you a copy of our to-day's letter to consul Hasset of the American Embassy of STOCKHOLM.

Our intention is to push the diplomatical negotiations here in Stockholm, that have lasted some time without any result. As per our opinion our Swedish King together with our Swedish Foreign minister on their visit of USA will have a splendid opportunity to wipe out that disagreeable situation for the American Government to have hunted the famous Garrett-millions into the Hitler-war, in spite of the fact, that the war is no place for a humanitarian activity. Just this was the reason why the only heir at law, Mrs. Elisabeth Holzberg transplanted her claim on our Swedish humanitarian activity.-

We understand that the American Government has been cheated by the Hitler-lawyer August Dietrich to accept a faulty father of Henriette Garrett, as without that forgery Bad Nauheim it had been impossible to attach the fortune for German indemnifications of war, as the only heir as per law, the cousin-child Elisabeth Holzberg of Hamburg already 3 years before the outbreak of second world's war transplanted her claim to the war-neutral country Sweden, just to save the humanitarian purpose of the givers of the fortune.

We do hope that you understand, that this was a very lucky solvation of that somewhat complicated Garrett-problem, lucky not only for us and all the poor hungry people of the world, who already 25 years ago could have received a very well needed help from the humanitarian Garrett-donation.-

Please note, that the crime to accept a faulty father is prescribed long time ago, so that the respective forgery-makers and criminals scarcely can be punished to-day, but we have all the names noted in our correspondence and it would be a very disagreeable matter for them to have their names in all the newspapers of the world !

We esteem it necessary to inform the CIA-organization about these facts and remain with best regards

Sincerely yours,

COOPERATION FOR UNDERSTANDING AND CULTURE OF RIGHT

To the Honorable Consul Frederick Hassett,
c/o American Embassy,
Strandvägen 101
STOCKHOLM

Dear consul Hassett !

Re the humanitarian Garrett-donation that by a nazi-forgery
was hunted into the war and by the American Government attached
for Hitlers war-indemnification;

Referring to our negotiations with you on the diplomatical
plan, we regret, that we never have been informed by you about
the result of your intervention in Washington.-

We do hope that you understand, that this in high grade criminal
management of an international problem of right by two American
Court-instances is a matter, that cannot be swept under the carpet
without leaving many smarting hearts behind it. As the main point
of to-day's American politics is to reach a good understanding
with both the more important and even the smaller countries, we
think that it is of greatest interest for the leading powers of
USA, to clear those unagreeable gangster-lawsuits as we have the
Garrett lawsuit detected to represent.-

As we have just now the honour to have our Swedish King at a
visit in USA we have applied to him to help those many poor
people in the world, who registrate under Walther and Henriette
Garretts humanitarian aim, as the American millionärs themselves
cannot be willing to take the last little piece of bread from
the poor people in the world, who already 25 years ago when the
Court distributed this fortune were dieing of hunger.-

Furthermore, we think that our Foreign minister Sven Andersson,
who accomponies our King, has something to make good again, as
it at that time was not acted so beautiful to force us with the
secret-stamp, so that the truth had to keep the mouth, whilst the
Bad Nauheim- forgery took the victory !!! Taking into consid-
eration that our socialdemocratic Government is fired of the same
parol as the grandfather of Henriette Garrett, who sacrificized
his life on the battlefield of Russia for the parol "Liberty,
unity and brothership", it is incomprehensible that our Foreign
Office could make this f a d a i s e !

In case this our last hope should be crossed, we have nothing
otherwise to do than to inform the newspapers of the world about

To the Honorable Consul Frederick Bassett, STOCKHOLM

Europe and there are many of the leading gentlemen, who were guiding the American politics before president Nixon sacrificed his high mission, who will be blamed for their doings in favour of the money-box of the Government of the United States.- We have corresponded during all these years with a great part of them and their letters are signed with their names.

Yes, dear consul Bassett, we think we have done what is in our power to be at your service with a complete dining-table containing all criminal delicatesses, that have happened and now it is on you to destine, whether you will in reality go that way of friendshiply arrangement of what has been done wrong or not. The late agreement at Helsinki between USA Germany and the Scandinavian countries requires furthermore a friendshiply arrangement of all international problems.-

The question now is only whether the Government of United States is willing to repay to us the Garrett-fortune, that already 3 years before the outbreak of second world's war has been confided to our humanitary activity in Sweden as there was no possibility to in other way save the fortune from the attachment of Adolf Hitler at that time.- However nobody could suspect at that time that even the -American Government was animated of the same bad moral of right as the German Hitlermen.-

With best regards

Sincerely yours,
