

CENTRAL INTELLIGENCE AGENCY
WASHINGTON, D. C. 20505

20 February 1976

25X1

Dear Major O'Toole:

I wish to thank you for the very instructive briefing and tour which you provided my staff and me last week. It was a great pleasure to me to be able to talk directly with those who actually manage the launch functions, and particularly so in your case because of the critical nature of the programs you support. My congratulations on the fine job you and your fellow blue suiters are doing.

STATINTL

Very truly yours,

George Bush
