Colonel William C. Chambers
Commander, 6595th Aerospace Test Wing
Vandenberg Air Force Base

Dear Colonel Chambers:

I wish to thank you and your personnel for the most instructive briefings and tour which you provided me and my staff last week. My visit to Vandenberg AFB was of great value to me in helping me to understand the complexities of our space programs. I was most favorably impressed with the programs which you conduct, and with the caliber of your personnel.

Very truly yours,

STATINTEL

George Bush
