

CENTRAL INTELLIGENCE AGENCY
WASHINGTON, D. C. 20505

20 February 1976

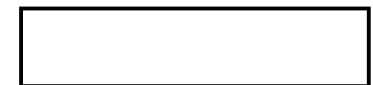

STATINTL

I wish to thank you for the very instructive and informative briefings which you provided at during my trip there last week. STATINTL

I found your briefing to be of great value in helping me to understand your very complex program and its capabilities and performance. You can be justly proud of the record which your program has achieved and, I have every confidence, will continue to achieve in the future. STATINTL

Very truly yours,

George Bush
