Dear Colonel Bagwell:

I want to thank you and all your personnel for the most informative briefings and tours which you kindly arranged for my staff and myself during our visit to your facility. The programs for which you are responsible are of very high interest. The information which you and your able officers imparted to me has given me a much better understanding of the many facets of your work. I will need this understanding in my forthcoming sessions with the Congress.

Very truly yours,

STATINTEL
