Mr. John E. Schaub
Lockheed Missile and Space Corporation
Sunnyvale, California

Dear Mr. Schaub:

I want to thank you for the most informative briefings and tour which you provided my staff and me last week. Prior to my visit, I had heard many favorable comments about the programs which you direct. The opportunity to see the hardware and talk with the designers and builders was most welcome, and has helped a great deal in my understanding of the programs.

Very truly yours,

STATINTEL
