11. (Internal Use Only - GLC) LIAISON Received a call from Chuck Snodgrass, House Appropriations Defense Subcommittee staff, who said that their "personnel guy," Don Smith, had told him he understood the Director had issued a policy statement regarding the employment of annuitants. I told Snodgrass that indeed the Director had issued such a statement and in response to his request, told him we would send him a copy.

12. (Internal Use Only - GLC) LIAISON Talked with Guy McConnell, Senate Appropriations Committee staff, regarding word we had received that Senator Ernest Hollings (D., S. Car.) was planning to introduce an amendment to the Defense Appropriations bill limiting the number of active duty Navy personnel who could be assigned to CIA. We discussed Senator Hollings' earlier request in this area and I told McConnell that the Director was sending a letter to Chairman Daniel Inouye (D., Hawaii), Senate Select Committee on Intelligence, on this subject and I would be sure that he (McConnell) received a copy.

13. (Unclassified - GLC) HEARINGS Senator Sam Nunn (D., Ga.) stopped me in the Capitol to tell me he was planning to hold hearings in the Senate Governmental Affairs Subcommittee on Permanent Investigations in the near future on the nature of terrorist activities, both internationally and domestically. He desires to have the Agency participate in these hearings. (See Memorandum for the Record.)

14. (Internal Use Only - GLC) LIAISON I spoke with Bill Miller, Staff Director, Senate Select Committee on Intelligence, about Chairman Daniel Inouye's (D., Hawaii) conversation with the Director yesterday regarding Senator Ernest Hollings' (D., S. Car.) intention to add an amendment to the Defense Appropriations bill and following our hearings with the Senate Select Committee, the Director gave Miller a letter to the Chairman on this subject.

I mentioned to Miller the difficulty we had experienced in connection with the "notes" taken by Mike Epstein, also of the Committee staff, after his review of Agency files relating to KCIA activities. I told Miller we had great difficulty with Epstein's verbatim copies of certain of the documents in the files he had reviewed and the types of "notes" that he had taken. Miller said he thought there was only one document Epstein needed in its entirety and this document was essential to the Committee's interest in the matter. Miller said he thought the issue of the other "notes" could be negotiated. I told him that we would consider providing the Committee with a copy of the document in question (sanitized as appropriate) and I would be in further touch with Epstein on the matter.
