MEMORANDUM FOR: Chief, DDI Administrative Staff  
SUBJECT : Operations Center

In the interests of keeping the Operations Center moving forward, I think we should proceed with the issuance of the draft DD/I Notice which you now hold. The language of the notice itself is acceptable; I have some reservations, however, about the underlying concept that the Operations Center T/O should be included in the O/DDI and intend to reopen this question with Mr. Cline and Mr. Borel before a final decision on it is made.
