INTELLIGENCE MEMORANDUM*

Balaguer Inauguration Situation Report No. 4

1. Nothing has occurred in the past day to change the principal conclusions of SNIE 86.2-1-66, Security Conditions in the Dominican Republic, of 23 June 1966. 25X1C

2. [REDACTED] we have the first report of specific plans for terrorism before and during the ceremonies. These plans allegedly include an assassination attempt on Vice President Humphrey--on his way into the city from the airport--to be followed by the bombing of the Palace of the Congress. The location for the reported attempt on the Vice President's life--"the underpass on the Avenue de Las Americas"--is not on the path it is now planned he would follow; the Vice President's itinerary has not been released to the public. The 25X1C

[REDACTED] We have no corroborative evidence to support this report. [REDACTED] in the past major developments in the Dominican Republic have sparked similar reports--with the subsequent developments bearing little resemblance to the anticipatory reports. X1A

3. [REDACTED] expects members of the militant 14th of June Revolutionary Movement to stage a serious demonstration in connection with the Vice President's arrival. 25X1C

*Prepared by the Office of Current Intelligence and coordinated with the Directorate for Plans and the Office of National Estimates.

4. The press has reported only that extreme leftist will seek to embarrass President elect Balaguer and US officials, including Vice President Humphrey.

5. Attached to the situation report is a schedule of inaugural events and a map showing locations where the ceremonies will take place.
