PRODUCTS OF PEOPLE-OWNED PLANTS
TO BEAR "QUALITY EMBLEMS"

On 24 November 1949, the German Democratic Republic issued a decree whereby people-owned plants producing products of approved quality are permitted to mark such products with "quality emblems."

The right to use these emblems is granted by the German Bureau of Material and Merchandise Inspection and the German Bureau of Weights and Standards. A permit is issued which is valid for one year. Permission for continued use of the emblem must be requested upon expiration.

The following enterprises have been awarded quality emblems for the products indicated. Preceding each plant name is the designation of the Federation of People-Owned Plants to which the plant belongs; the numbers indicate the serial numbers of the permits:

- Optik, Carl Zeiss Plant, VEB [people-owned plant] Jena
 - 00001 Universal measuring microscope
 - 00002 Planetarium
 - 00003 Neophot metallurgical microscope
