SOVIET INDUSTRIES PRODUCE TRACTOR PARTS, OTHER MACHINES AND PARTS

DINAMO PLANT MAKES TRACTOR, FARM-MACHINE SPARE PARTS -- Moscow, Vechaya Moskva, 24 Sep 53

In 1953, nine shops of the Moscow Dinamo Plant will produce more than 12,000 spare parts for tractors, seeders, and potato diggers. On 1 September, this assignment was 75 percent complete. The plant will also build 2 boilers, 300 square meters of hothouses, and 2,000 hotbed frames for two nearby kolkhozes.

PRODUCES TRACTOR PARTS, OTHER EQUIPMENT FOR MTS -- Minsk, Sovetskaya Belorussiya, 14 Oct 53

V. G. Zholnarkevich, chief engineer of the Minsk Machinery and Repair Plant, states that the plant has greatly exceeded its production plan for the first 9 months of 1953. The plant delivered to MTS of the Belorussian SSR more than 6,400 rocker arm bushings, 1,460 sliding couplings, and more than 1,000 water pump bushings.

In addition to tractor parts, the plant has delivered to MTS 150 winches for brush cutters, hundreds of sets of fittings, and hundreds of glass water gauges for feed steamers.

SHORTAGES OF PARTS DELAY TRACTOR ENGINE REPAIRS -- Minsk, Sovetskaya Belorussiya, 21 Oct 53

K. Anikeychik, director of the Baranovich Repair Plant, states that, in addition to repairing tractor engines and agricultural machines for MTS, the plant produces 160 types of tractor and agricultural machine parts.

The plant produces pistons for starting motors for the KD-35 and the DT-54 tractors and piston rings, cylinders, oil pumps, and crankcases for the DT-54 and the NATI tractors.

50X1-HUM

The plant has over 130,000 rubles' worth of engine parts but cannot assemble a single engine because other plants do not deliver needed parts. Deliveries of crankshafts for DT-54 tractors have been particularly meager.

PLANT PRODUCES VARIETY OF FARM MACHINES -- Baku, Bakinskiy Rabochiy,  
25 Oct 53

The Baku Machinery Plant imeni Gusi Gadzhiyev, Ministry of Agriculture and Procurement Azerbaydzhan SSR, produces pumps used by kolkhozes in land reclamation work, produces spare parts for tractors and tractor engines, and repairs mobile well-boring machines. The plant now has a special shop for overhauling tractor engines.

The plant plans to produce hay stackers and cast-iron plates for irrigation ditches.

STRIVE TO COMPLETE YEARLY PRODUCTION PLAN AHEAD OF SCHEDULE - Stalinabad,  
Kommunist Tadzhikistana, 31 Oct 53

Personnel of the Stalinabad Traktorodetal' (Tractor Parts) Plant are making great efforts to complete the yearly production plan ahead of schedule. The plant produces spare parts for the Universal and the STZ-NATI tractors. For almost 3 years, shop No 6 has held the plant Red Banner for exceeding its production plans.

PLANT INCREASES PRODUCTION LIST -- Minsk, Sovetskaya Belorussiya, 14 Nov 53

The Gomel' Repair Plant, in addition to repairing various makes of tractor engines, produces testing stands for engines, large-size tanks for fuel storage, and many different types of spare parts for tractors and agricultural machines.

Recently, the plant has begun the production of roofing sheet iron and machines for moving loose grain in barns and grain elevators.

PRODUCES PARTS FOR TRACTORS, AGRICULTURAL MACHINES -- Frunze, Sovetskaya Kirgiziya, 17 Nov 53

In the first 2 weeks of November 1953, the Khar'kov Transport Machinery Plant produced many spare parts for tractors in excess of the production plan. Among the many plant shops producing tractor spare parts, the fuel equipment shop produced several thousand valves, fuel sprayers, and plungers above the production plan.

The Khar'kov Road Machinery Plant has produced 700 units for KHTZ-7 tractors in excess of the production plan.

In September and October, Khar'kov machine building plants produced tens of thousands of spare parts for agricultural machines in excess of production plans.
