1. Comment. Possibly, troop shipments.

2. Comment. A large ammunition depot storing an estimated 20,000 metric tons of ammunition is located in Hohenleipisch. It is unusual that the depot has no outgoing shipments since the beginning of 1952. It is assumed that the depot was made a reserve installation.

25X1

3. Comment. Previous information indicated that pontoons for the engineer equipment park in Fuerstenwalde-Ketschendorf are produced in Niesky.

25X1

4. Comment. A large hydrogenation plant which predominantly produces aviation gasoline is located in Schwarzheide-Ruhland.

25X1

5. Comment. A large fuel depot of the GOPG is stationed there.

25X1

6. Comment. Troop and supply traffic continued at a normal rate during the period of observation. The increase discernible in March is interpreted by the beginning of troop transfers.

25X1

7. Comment. Movements of the 9th Mecz Div from the military posts to the Weisswasser troop training grounds for combat firing and return movements.

25X1

8. Comment. The train presumably transferred the food ration supply depot of the bomber corps from Cottbus to Finsterwalde.

25X1

25X1

9. Comment. The five trains carried the bomber regiment which was transferred from Finsterwalde to Brand.

10. Comment. Food ration supply to the individual bomber units from the food ration supply depot of the bomber corps in Finsterwalde, formerly Cottbus.

25X1

11. Comment. The shipments from the railroad stations of Koenigsbrueck and Schwepnitz to the military posts of the 8th Gds Mecz Div and, on 6 February, also to Riesa, are a valuable supplement to the list of troop shipments from the posts of the 8th Gds Mecz Div to the Koenigsbrueck troop training grounds contained in a previous report.
