The following list of tubes to be manufactured during 1953 by RFT Funkwerk . 25X1  
Erfurt indicates both the number of each type of tube required and the customer.

the grand total of 2,480,370 tubes is approximately 600,000 tubes more than the production capacity of the Erfurt plant; it was, therefore, suggested that the HF plant, Berlin-Oberschoeneweide, take over production of the MCH 11 and BEF 11 tubes, totalling 618,000 tubes.
