CENTRAL INTELLIGENCE AGENCY 25X1 REPORT

INFORMATION REPORT . CD NO. 11

25X1 25X1

COUNTRY	Bast Germany	DATE DISTR. 22 Settember
SUBJECT	The East German Magnesium Production 25X1	NO. OF PAGES 4
PLACE ACQUIRED		MO OF ENCLS.
DATE OF INFO.		SUPPLEMENT TO REPORT NO.
CF THE CHITED	CONTAINS INFORMATION APPECTING THE NATIONAL DEPENDENT OF THE ENTORNAL DEPENDENT OF THE SERVICE O	UNEVALUATED INFORMATION
AND CONTENT	E. AS ANYTHER TO AN UNAPTRICABLE SERVICE SERVICES SERVICE	
25X1		J
!	At a conference of the Non-Ferrous Metal Section Tepartment of the State Administration for Mat	on of the standing both
25X1 25X1	Schiller (fnu), technical chief of the Elektro Fitterfeld VEE; Lindner (fnu), chief of the M partment of the State Administration for Materiative of the Chemistry Main Administration, the 1953 economy plan provided a magnesium pro 1,000 tons of magnesium in the first, second, 1953 respectively with a total of 1,300 tons i	interials Accounting De- rials Supply; and a represen- ook part duction of 100, 100, 100, and third and fourth quarter of in the whole year.
	Schiller (fnu), technical chief of the Elektro Fitterfeld VEE; Lindner (fnu), chief of the M partment of the State Administration for Materiative of the Chemistry Main Administration, to the 1953 economy plan provided a magnesium pro 1,000 tons of magnesium in the first, second, 1953 respectively with a total of 1,300 tons in the magnesium production of the Material Research of 1,300 tons in the first, second, a new magnesium production of the Material Research of th	chemisches kombinat interials Accounting De- riels Supply; and a represen- cock part duction of 100, 100, 100, 100, and third and fourth quarter of an the whole year. action plant in the Elektronication plant in the Elektronication plant in the table. In the start producing on bleted according to time table. In the start producing on the start producing of the start producing on the start producing of the sta
25X1	Schiller (fnu), technical chief of the Elektro Fitterfeld VEF; Lindner (fnu), chief of the M partment of the State Administration for Mater tative of the Chemistry Main Administration, to the 1953 economy plan provided a magnesium pro 1,000 tons of magnesium in the first, second, 1953 respectively with a total of 1,300 tons i a new magnesium producthemisches Kombinat VEF Fitterfeld was schedul 1 October 1953 and most probably would be comp the plant would deliver m tion to the Vehicle Euilding Industry "ain /dm torenwerk Dessau, former Junkers-Werke, as pre	interials Accounting De- rials Supply: and a represen- cock part duction of 100, 100, 100, and third and fourth quarter of in the whole year action plant in the Elektron led to start producing on bleted according to time table most of its magnisium produc- ministration with the Flugno- esumable main purchaser in the tion plan mentioned only the on of pure magnesium, conse- taken into consideration that s Dessau pure magnesium is used
25X1	Schiller (fnu), technical chief of the Elektro Fitterfeld VEF; Lindner (fnu), chief of the M partment of the State Administration for Mater tative of the Chemistry Main Administration, to the 1953 economy plan provided a magnesium pro i_0000 tons of magnesium in the first, second, 1953 respectively with a total of 1,300 tons i a new magnesium product Chemisches Kombinat VEF Fitterfeld was schedul 1 October 1953 and most probably would be comp the plant would deliver m tion to the Vehicle Euilding Industry 'ain /dm torenwerk Dessau, former Junkers Verke, as pre fourth quarter of the year. Comment. A previously forwarded product production of magnesium alloys. The production openativ, started not until 1953. It is to be in addition to the use of magnesium by Junkers	interials Accounting De- rials Supply: and a represen- cock part duction of 100, 100, 100, and third and fourth quarter of in the whole year action plant in the Elektron led to start producing on bleted according to time table most of its magnisium produc- ministration with the Flugno- esumable main purchaser in the tion plan mentioned only the on of pure magnesium, conse- taken into consideration that s Dessau pure magnesium is used
