SOURCE:

1. There are about 300 hard-core Chinese Communists in Palembang, where they have taken over the Chinese schools and have placed between 45 and 60 China-trained teachers in the schools. Communist literature and propaganda make up a large part of the curriculum of these schools.
2. The Communists have been able to take over the Chinese schools by saying the schools will be supplied much-needed money if they will teach the Communist program. They have been able to extract contributions from Chinese businessmen by saying the Chinese Communist Government would eventually control Indonesia and those who did not contribute would then be jailed.
