3. At 8 p.m. on 19 November, a troop train consisting of 18 boxcars with troops wearing red-bordered black epaulets, 9 boxcars and 8 gondola cars with billeting equipment and 4 flatcars with crates and rubbish was dispatched from Strausberg airfield to Wustermark.

25X1A¹. [REDACTED] Comment. This shipment is believed to have been misidentified and probably did not carry field guns but AA guns.

25X1A². [REDACTED] Comment. While previously observed incoming rail shipments at the Strausberg air force depot far exceeded outgoing shipments, this ratio has been reversed during the reporting period.
