	7.	On 11 December, Stalag I was occupied by about 500 troops wearing red-bordered black epaulets. Nine one-story temporary buildings along the street and 2 buildings in the west corner of the installation were lighted at dusk. No training other than physical training was observed. On 30 November, 50 to 60 troops wearing red-bordered black epaulets practiced firing with carbines in the gravel pit.	25X10
25X1C			
25X1C	8.	On 11 December, Stalag II was occupied by a unit wearing red-bordered black epaule ts. Troops observed in the barracks area engaged in physical training and about 40 troops practiced throwing of hand grenades at the athletic field east of the camp. On 5 December, about 100 troops wearing red-bordered black epaulets entered the camp, probably coming from an exercise. On 26 and 27 November, 2 rocket launchers continually practiced living with live ammunition in the wooded area south of the installation.	25X1C
	O		
	7*	On 4 December, the Norddeutsche Maschinenfabrik was occupied as previously by about 300 to 500 troops wearing red-bordered black epaulets. Unusually many officers were observed. On 4 December, about 80 unarmed troops entered the installation from the direction of the town.	25X1C
5X1C			23/10
	10.	On 4 December, Stalag I was occupied by about 400 troops wearing red-bordered black epaulets including some with artillery insignia. About 120 troops engaged in cleaning of motor vehicles and drill. On 25 November, about 30 troops received instruction on rocket launchers in the immediate vicinity of the installation.	25X10

	11.	On 4 December, Stalag II was occupied by about 400 troops wearing red-bordered black epaulets, including some with artillery insignia.	25X1C
25X1C			
	12.	Between 26 and 27 November, reports of artillery pieces, AT guns and rocket launchers were heard from the Forst Zinna training area. Units who had taken position in Jagen (forest section) Nos 16, 40, 43 and 44 in the east portion of the training area fired toward Mehledorf. The practice involved 6 x 85-mm AT guns, 4 x 76-mm artillery pieces, 1 field gun and 2 rocket	25X1
5X1C		launchers; and about 400 troops.	25X1C
.5X1C			
	13.	On 4 December, the Adolf Hitler Camp near Forst Zinna was occurred by about 2,000 troops wearing red-bordered black epsulets, including some with artillery and tank insignia. Large temporary buildings, about 10 x 20 meters, had been erected behind the 2 large tents in the northwest portion of the camp during the last days of November. On 26 November, 2 trucks, each towing a 37-mm AA gun, entered the installation. On 25 and 27 November and 3 December, troops observed engaged in drill and in firing with machine guns at the firing range.
