REMARKS			25X1

1. On 27 June 1954, a troop train of 2 boxcars and 11 flatcars with light AA guns passed through Bruck on the Leitha River (P 49/X 77). The train came from Wallern (P 48/X 84) and went to Stockerau (O 49/S 21).¹ 25X1
2. On 28 June, a troop train of 4 coaches and 16 flatcars from Wallern was seen at the Parndorf railroad station (P 48/X 77) where it was coupled with another shipment of 18 cars with trucks from Eaden (O 49/X 37) and its vicinity. The The troop train was later dispatched to Hegyeshalom (P 48/Y 06).² 25X1

1. Comment. the troop train on 27 June 1954 probably carried contingents of the 23d AAA Div from the Apetlon AAA range to their home station. Changes in equipment with AA guns and motor vehicles observed at Camp Apetlon in late June 1954 were possibly connected with the above rail movement.
2. Comment. The redispersing to Hungary of a troop train from Wallersdorf at the Parndorf railroad station again confirms that the Apetlon AAA range is also used by Soviet units stationed in Hungary. 25X1
