- The factory has three main entrances. A railroad line links the plant with the main railroad line from Pitesti. Informant estimated about 2,500 workers were employed in the plant. The workers live in Florica in the buildings constructed for the Greek hostages and go to and from the plant daily on a special train.
- Three factory buildings have been completed and three others are under construction. The completed buildings are equipped with Soviet and German machinery and are already producing spare parts for automobiles. It is reported that motorcycles will also be manufactured in the Colibasi factory.
- There are no Soviet or Rumanian military units stationed at Florica or Colibasi.
