1. Between 1430 and 1500 on 19 August, 45 MiG-15s and 4 Li-2s were parked at Wiener Neustadt airfield. Loading operations were observed which partially were done at ramps and tracks in a restricted area. The Nachrichten-Kaserne at Wiener Neustadt military post was guarded by a sentry wearing black-bordered epaulets and military personnel wearing the same epaulets were observed within the kaserne area. The following motor vehicles were parked at the military post:

Trucks 25X1

two trucks with searchlights and without designations, and one tank truck without designation. 25X1

2. Between 1400 and 1430 on 21 August, the same number of MiG-15s and Li-2s were parked at Wiener Neustadt airfield. Dismantling work continued. Fuel containers of various sizes which had been readied for shipping were observed at Feuerwerkanstalt railroad station. An empty train was shunted from the railroad station to the restricted area of the Woellersdorf works. Slips with the label "Curtici Transit 12.8.55" were observed on almost all of the empty railroad cars.¹ The occupation of former Kadetten-Anstalt at Bad Fischau remained unchanged. The installation was apparently also being evacuated. Truck was seen moving into the installation. 25X1

3. Between 1130 and 1430 on 22 August, one single-engine aircraft was observed at Wiener Neustadt airfield. The motor vehicle shed east was evacuated.²
