21. [redacted] LIAISON Accompanied John Elliff and Anne Karalekas, Senate Select Committee on Intelligence staff, to a meeting with Tony Lapham, General Counsel; [redacted] SA/DO/O; [redacted] and [redacted] DDO; [redacted] AGC/DDO; and Frederick Barron and Eric Richard, of the Department of Justice, regarding Senate Select Committee on Intelligence requests for regular reporting on intelligence activities possibly affecting the rights of Americans. The Committee sent a letter to the Attorney General on 3 November 1976 requesting this information on FBI activities, and is planning to send a letter to the Agency patterned after the request to the Attorney General. Both the status of the Attorney General response and how the Agency might be able to respond were discussed. Elliff hopes to reach general agreement with the Agency before sending a letter and is going to draft his ideas on Agency reporting and send them to us as a basic additional discussion.

ADDENDUM TO JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Thursday - 19 May 1977

1. (Unclassified - THW) LIAISON I called Peter Hunt, House Interstate and Foreign Commerce Subcommittee on Energy and Power staff member, to see if he was the person who requested the paper on shale oil extraction. He said he was and I told him I was forwarding a paper on the subject to him. He also asked if he could talk to somebody about [redacted]

2. (Unclassified - THW) LIAISON Chip Chester, House International Relations Committee staff, called stating that he was in charge of a Congressional delegation leaving next week for Mexico in connection with the International Parliamentary Conference and asked if we could give them some unclassified background information on the narcotics situation and illegal aliens. I told him I would see what we could do. He asked for the information by 3:00 p.m., on 24 May. I delivered the information to him on that date.

3. (Unclassified - THW) LIAISON In response to a request from [redacted] OGC, I called Denver Dickerson, of the Joint Committee on Printing, to see if he had located the citation to the law exempting CIA from provisions of Title 44 with respect to the depository library program. I told Dickerson that we had received a letter from a librarian asking us to comply with Title 44 and that we will go back with an answer stating that the Committee had advised us that CIA was exempt from that Title and that she should write the Committee if she needed further information. Dickerson said that the staffer who had been doing the research had retired and that he would put somebody else on it. He also concurred in our response to the librarian. Subsequently, Angelo Elmo, of the staff, called to say they were unable to locate the citation, but from the files circa 1956 it appeared that perhaps the exemption was based on the CIA Act of 1949. I asked if we could come down to review their files and he agreed. The Committee would appreciate an opinion from OGC on the matter. [redacted] has been advised.
