OFFICE OF LEGISLATIVE COUNSEL

Friday - 13 May 1977

25X1 1. [] LIAISON Per her request, I mailed a copy of the Agency publication entitled "A Dollar Cost Comparison of Soviet and U.S. Defense Activities, 1966-1976" to Emily Thurber, on the staff of Senator Alan Cranston (D., Calif.).

25X1 2. [] LIAISON Received a call from Mary Ellen Cole, former staff member with Representative William J. Hughes (D., N. J.), for unclassified information on terrorism. She said this was a personal request for herself. I referred her to two Agency publications entitled "International and Transnational Terrorism: Diagnosis and Prognosis" and "Annotated Bibliography on Transnational and International Terrorism" and asked her to request them from the Library of Congress. She appreciated my assistance.

25X1 3. [] LIAISON Received a call from Beth, on the staff of Representative Tom Cocoran (R., Ill.), requesting copies of the following Agency publications: "A Study of Climatological Research as it Pertains to Intelligence Problems" and "Potential Implications of Trends in World Population, Food Production, and Climate." I told her copies would be forwarded to her in the next day or so.

25X1 4. [] LIAISON Received a call from Belinda Nielsen, Press Secretary for Senator Carl T. Curtis (R., Nebr.), saying that they had received a letter concerning the political situation in Panama and wanted to know who to send this letter to in order to get further clarification on the subject. I told Ms. Nielsen she should forward the request to this office and we would take it from there.

25X1 5. [] CONSTITUENT I relayed to Elizabeth Losee, in the office of Representative Thomas Ashley (D., Ohio), comments from [] [] CSS, on possible basis for discrepancies between the recent CIA energy studies and studies of the UN: first, that CIA's study concerned proven oil resources through 1985, while the UN study reportedly looks at all resources, proven or guessed-at, through 2000; second, that CIA's gloomer forecasts relate not to reserves through 1985 (where there is common agreement) but to differences in production capacity and techniques--the Soviets do not have enough sophisticated pumps for getting oil out of wells filled with water to raise oil level, for example; third, CIA's studies gave some consideration to possible political dislocations. This seemed satisfactory to Ms. Losee for her responses.

7. [redacted] LIAISON Advised Charles Snodgrass, staff of the House Appropriations Defense Subcommittee, and Bill Hogan, staff of the House Armed Services Committee, that [redacted] D/DCI/IC, would leave his position with the IC Staff on 1 June 1977. I placed a call to Frank Sullivan, Senate Armed Services Committee staff, to convey the same information, but he was out.

14. [redacted] LIAISON Met with Rhett Dawson, Senate Armed Services Committee, and he gave me a copy of the references to Soviet civil defense in Senator John C. Culver's (D., Iowa) floor statement to be given the early part of next week. This portion is based on testimony given by the Agency before the Subcommittee on General Legislation, of which Senator Culver is Chairman. Dawson noted that all of the changes suggested by the Agency were accepted.

16. [redacted] LIAISON Received a telephone call from Michael Epstein, on the staff of the Senate Select Committee on Intelligence, to confirm that he and William G. Miller, Staff Director, would definitely be visiting the CIA Building on 16 May [redacted]

17. [redacted] LIAISON I met with Messrs. Alan Paladino, William Fitzgerald, James Holt and Marshall Peterson, Professional Staff of the Office of Technology Assessment's Materials Resources Program, in their offices to discuss procedures for establishing a working relationship between that Program and the Agency. This meeting was a follow-up to an initial professional contact between [redacted] CPS/DDI, and [redacted] OTA. (See Memorandum for the Record).

18. [redacted] LIAISON I called Michael J. Hershman, Deputy Staff Chief, Subcommittee on International Organizations, House International Relations Committee, to advise him that the DCI had signed the Memorandum of Understanding with the Subcommittee and that I would be sending it over to him about midday for signature by Chairman Donald M. Fraser (D., Minn.), Subcommittee on International Organizations, House International Relations Committee. He agreed and added that the non-disclosure agreements signed by himself and Robert Boettcher, Staff Chief of the Subcommittee, could be picked up at the same time the Memorandum of Understanding was delivered. As it turned out, the Memorandum of Understanding was not signed by Chairman Fraser until late afternoon on 13 May and was not delivered to CIA until the morning of 16 May. Both non-disclosure agreements were delivered late in the afternoon of 13 May. All of the originals have been filed in the Fraser Subcommittee file in the OLC Registry in Room GG 14.

19. [redacted] LIAISON Called Ben Marshall, Security Director, Senate Select Committee on Intelligence, to tell him that our records indicated the Committee consultant Joe Kirchheimer did not have compartmented clearances. I suggested to Marshall that he may want to send us the summary of the FBI background investigation on Kirchheimer so that there would be no problem if Kirchheimer needed access to this information. Kirchheimer met with [redacted] NIO, and [redacted] OER, today on economic intelligence but the material discussed was only at the Secret level.

20. [redacted] LIAISON David Bushong, Senate Select Committee on Intelligence staff, met with Office of Security officials at Headquarters and received a briefing on compartmented programs.

21. [redacted] LIAISON Spencer Davis, Senate Select Committee on Intelligence staff, called to report that Chairman Daniel K. Inouye (D., Hawaii) had just signed the inquiry to the Agency regarding public charges that the CIA meddled in the Australian politics. Because of the large number of phone calls Davis is getting on this allegation, I agreed to expedite a response to the Committee's letter and Davis read it to me for this purpose.
