1. [Redacted] LIAISON Called Nell, in the office of Senator Clifford P. Case (R., N. J.), and informed her that the tours of the Agency are not scheduled to start until late August and therefore, we will not be able to accommodate the Senator's nephew on a tour 23 July. She had called earlier and asked if the tours were in operation by that date if we could make a reservation for the Senator's nephew. She appreciated the information.

25X1

2. [Redacted] LIAISON A staffer, in the office of Representative James Weaver (D., Ore.), called to request one copy of the Agency publications entitled, "Prospects for Soviet Oil Production" and "The Soviet Economy: Performance in 1975 and Prospects for 1976." The publications were forwarded to the requester.

25X1

4. [Redacted] LIAISON Phyllis, of the office of Representative Bud Shuster (R., Pa.), called requesting information on the CIA tours. 7. [] LEGISLATION Talked with Phoebe Felk, OMB, concerning S. 555, the financial disclosure and special prosecutor bill. I told her that [] and I were going to talk with Senate Governmental Affairs Committee staffers concerning the bill on Tuesday, 21 June, and forwarded a copy of the fact sheet and suggested amendatory language for her review. After reviewing the fact sheet and attachments, she called back and asked that we only discuss with the Committee the question of where financial disclosure reports should be filed.

25X1

8. [] LEGISLATION Called Tom Smeeton, on the staff of the House International Relations Committee, and told him that we had no problem with the bill H.R. 7738, a bill concerning removal of national emergency powers under the Trade with the Enemy Act.

25X1

9. [] LEGISLATION Called Hilda Schreiber, OMB, to explain our actions on the alien compensation section of the State Authorizations bill, H.R. 6689. I told her that our problems on the bill could have been avoided if the provisions had been coordinated with the Agency in the first place. She in turn reminded me to coordinate fully with OMB in the future.

25X1

10. [] BRIEFING Called the offices of Senator Patrick Leahy (D., Vt.), Representatives Olin Teague (D., Texas), Representative John Wydler (R., N.Y.), Representative Don Fuqua (D., Fla.), Representative Mike McCormack (D., Wash.), and Representative Walter Flowers (D., Ala.), to invite them for individual breakfast briefings with the Director at their convenience. Babs, in Representative Wydler's office, tentatively set 14 July for the Congressman to have breakfast with the Director, and Charlotte, in Representative McCormack's office, tentatively set 21 July for the Congressman to have breakfast with the Director.

25X1

11. [] BRIEFING Mark Moran, newly-designated staffer of Senator Frank Church (D., Idaho) on the Senate Foreign Relations Committee, called to ask if we interposed any objection to his attendance at the DCI's briefing of the Committee this afternoon, given that his clearances may not yet have been updated. At the direction of [] I called back to say that Moran's attendance and the question of his current clearance status, were matters for decision by the Committee, and he should consult with Staff Chief Norvill Jones. Moran again asked about his request that we approve his effort to get SI/TK clearances, which I said I had referred to the Legislative Counsel.

12. [REDACTED] BRIEFING I called Dr. Len Weiss, Senator John Glenn's (D., Ohio) staffer on the Senate Governmental Affairs Subcommittee on Energy, Nuclear Proliferation and Federal Services, and reported that we would be pleased to brief Senator Glenn on the diverted shipment of nuclear fuel at Senator Glenn's convenience. Weiss said he would get back to me on that. I also asked Weiss to check with Harvey Lyon, of ERDA, on his "Apollo-NUMEC" inquiry, which he said he would do. (See Memorandum for the Record.)

25X1

13. [REDACTED] BRIEFING At [REDACTED] request, I talked by phone with F. Keith Adkinson, Senator Sam Nunn's (D., Ga.) staffer on the Senate Governmental Affairs Permanent Subcommittee on Investigations, to follow up George L. Cary's recent conversation with Senator Nunn. The subject was an investigation by the Subcommittee of terrorism and the restraints on the Intelligence Community which have followed public criticism and congressional action and inquiries. (See Memorandum for the Record.)

15. [REDACTED] BRIEFING Norvill Jones, Chief of Staff, Senate Foreign Relations Committee, called concerning the security level of the briefing this afternoon in order to determine whether S. Res. 60 designees would be permitted to sit in. The prepared testimony is at the Secret level but I got his agreement that if the Director felt it was necessary to get into compartmented data Jones would move to clear the room of those staffers who didn't possess the necessary access clearance, including all personal staffers. Moreover, Jones felt that this wide participation permitted to staffers in this instance is not to be considered a precedent for future CIA or DCI briefings.

25X1

16. [REDACTED] LIAISON Sandy Carden, in the office of Senator Paul S. Sarbanes (D., Md.), called for assistance in replying to a letter from a constituent complaining about the CIA oil reports on the basis that the Agency had no business in such matters. I explained that such reports were in the process long before they were made public and that the Agency does have an interest in foreign economic developments as an important part of its foreign intelligence responsibilities. Carden had absolutely no problem with our reporting in this area.

25X1

17. [REDACTED] LIAISON In response to her call, and based upon information supplied by [REDACTED] Office of Security, I advised [REDACTED] NSA, of the scope of our briefing of David Bushong and Mark Gitenstein, both on the staff of the Senate Select Committee on Intelligence, on unauthorized disclosures, including the fact that we had provided the staffers with copies of our files on the cases. The latter was of particular interest to [REDACTED] as she was in a quandary on how to handle a request for copies of such material. I told her if she had any further questions to please give me a call or get in touch with [REDACTED] directly.

18. [REDACTED] LEGISLATION Had several conversations with Robert Hull, State Department, who wanted assistance in drafting an explanation for use in the conference committee to explain, if called upon, the difference in language between the House and Senate version (Section 202) of the Foreign Relations Authorization Act of 1978, dealing with alien employees. I suggested the following language: "This change is to account for those circumstances where employment is not effected pursuant to Section 444(B) of the Foreign Service Act of 1946 but rather pursuant to Section 8 of the CIA Act of 1949." He thought this explanation would be very helpful. [REDACTED] DD/OP, concurred in the language.

21. [REDACTED] BRIEFING Jack Brady, Chief of Staff, House International Relations Committee, called to raise the possibility of an update briefing under Hughes/Ryan for the Committee, explaining that such a briefing could not be limited to the seven members of the Subcommittee on International Security and Scientific Affairs but rather that all 37 members of the full Committee would have to be invited. We then discussed the fact that some of the House oversight resolutions would address this subject by defining for the purposes of the Hughes/Ryan amendment that the House International Relations Committee means a subcommittee thereof and by providing the subcommittee with authorization to exempt such briefings from Rule XI. Mr. Brady will be back in touch with us.

22. [REDACTED] LIAISON Jane Pisano, NSC staff, called to get a feel on what transpired at the Senate Foreign Relations Committee briefing this afternoon, which I provided to her based on inputs from [REDACTED] EA/DCI.

25X1

23. [REDACTED] LIAISON George Murphy, Executive Director, Joint Committee on Atomic Energy, called concerning a GAO report prepared about ten years ago for the Committee which is now being considered for public release. Although the report is unclassified, Senator Henry Jackson (D., Wash.) would like an Agency representative to review it to assure that none of our equities are at stake. I told Murphy I would see what could be done first thing tomorrow morning.

24. [Redacted] LIAISON Pete Bonner, Senate Appropriations Committee staff, called to say that the issue involving assistance to foreign organizations was becoming a heated one in the Committee on the subject of jurisdiction between the Subcommittee on Foreign Operations and the Subcommittee on State, Justice, Commerce and the Judiciary. Bonner was concerned that our paper on this subject might get undue interest. In this connection, he mentioned an article by Evans and Novack on this subject in Saturday's paper. I told Bonner I would check on this and we would be back in touch. [Redacted] is following up.

29.  LIAISON Jim Gehrig, staff member, Senate Commerce, Science and Transportation Subcommittee on Science, Technology and Space, called and asked if we could find out why the Advisory Group on Space Systems of the President's office of Science and Technology Policy is having a closed meeting on 6-7 July. He wants to attend and is concerned that they are having a closed meeting since he feels their meetings should be open. I told him I would try to find out; however, the most we can do is certify his clearances to the Advisory Group if they check the CIA Central Registry for clearances held, but it is up to the Group as to whether or not they will allow him to attend.

25X1

30.  LIAISON Called Hilda Schreiber, OMB, and informed her that the Director had signed the letter to the Director of OMB commenting on the impact to the Agency if the mandatory age requirements are struck from the CIA Retirement Act. Such a proposal is now being considered by the Domestic Council. The letter was sent by courier to OMB this afternoon.

I agreed to take this up directly with Philip R. Manuel, on the staff of the Senate Government Operations Committee, who is handling the bill. I then called Manuel but since he did not need any comments today, I told him that [redacted] of OLC, who was studying the bill, would call him on the matter tomorrow or Wednesday.

ADDENDUM TO JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Monday - 20 June 1977

1. (Unclassified - CM) BRIEFING I talked with Mark Borchelt, of the Joint Economic Committee staff, on arrangements for the Director's 23 June appearance before the Joint Economic Committee, Subcommittee on Priorities and Economy in Government, in 6202 Dirksen Senate Office Building, at 10:00 a.m. He said that probably two staffers would attend, General Counsel, Richard Kaufman, and Minority Counsel, George Krumbhaar. I advised [redacted] Physical Security Division, of the briefing data and time. [redacted] OLC, advised that the office of Colonel Steve Harrick, Legislative Liaison, Department of Defense, was working on final processing of codeword clearances for Kaufman and Krumbhaar. June Le Gates, of that office, confirmed this. Borchelt said that Independence Reporting would provide the transcriber, and said he would check on the transcriber's clearances. Later he called to say that Alderson Reporting Service would be used, but my checks with the Department of Defense showed neither proposed transcriber, Albert La France or Robert Thomas, has compartmented clearances. I so advised Borchelt.

2. [redacted] HEARINGS I talked with F. Keith Adkinson, Senator Sam Nunn's (D., Ga.) staffer on the Senate Governmental Affairs Permanent Subcommittee on Investigations, about Senator Nunn's interest in hearings on terrorism and how the intelligence agencies are being hampered by congressional inquiries, restrictions, etc. (See Memorandum for the Record.)
