6.  BRIEFING At the request of Bill Hogan, Counsel, House Armed Services Subcommittee on Intelligence and Military Application of Nuclear Energy, 

25X1

 all of the Office of Program and Budget Development, Intelligence Community Staff, briefed Hogan in his office on the intelligence programs listed in the Director's letter to Chairman Melvin Price (D., Ill.) which the Senate Select Committee on Intelligence has recommended be cut. Tom Hahn, Committee staff member, sat in for part of the meeting. The briefers explained the impact of the proposed cuts and stressed those programs which would be most critically affected. Hogan will discuss this with Chairman Price. He felt personally that, as a matter of principle, the House Armed Services Committee should hold to its position that the programs not be cut. However, the final decision will undoubtedly be strongly influenced by Chairman John C. Stennis (D., Miss.), Senate Armed Services Committee, who will chair the conference. Hogan will discuss this with the staff of the Senate Armed Services Committee and hopes a suitable compromise can be reached before the matter goes to conference. Hogan read the classified report of the Senate Select Committee and could see no justification for the proposed cuts. (See Memorandum for the Record.)

8. [REDACTED] LIAISON Ted Ralston, Senate Select Committee on Intelligence staff, called to say his wife worked for Common Cause and was interested in arranging for a CIA orientation briefing for a group of approximately 30 Common Cause summer interns, similar to the one presented to the Brigham Young University students on 27 May. I told Ralston this would have to be arranged through Mr. Hetu, Office of Public Affairs.

[REDACTED]

10. [REDACTED] LIAISON I talked with Audrey Hatry, Senate Select Committee on Intelligence staff, several times regarding the Director's appearance before the Committee on Soviet SIGINT activities in the U. S. However, no firm time was agreed to.

She felt she would be able to handle the constituent's inquiry based on this information.

12. [REDACTED] LIAISON Barbara Allem, Senate Foreign Relations Committee staff, called requesting a list of staff members who have been cleared for compartmented access and those whose clearances are in process. ADDENDUM TO JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 1 June 1977

1. (Unclassified - LJK) LIAISON Called Charles Snodgrass, House Appropriations Committee staff, to discuss the FY 78 appropriation. Snodgrass noted that Chairman George H. Mahon (D., Texas) stated at a press conference on 26 May that \$179 million had been cut from the intelligence request and \$212 million from the IRA account. Snodgrass would not supply additional details but stated that the formal report would be issued on or about 15 June.

3. (Unclassified - RJK) LIAISON Called Dr. Nixon, Veterinary Services, Department of Agriculture, and told him, in response to his earlier request, that we found no evidence to support the allegations raised in a 20 March Newsday article indicating that an American intelligence agent paid a Canadian agricultural technician \$5,000 to infect Cuban turkeys with a fatal disease. Dr. Nixon appreciated our response.

4. (Internal Use Only - RJK) LIAISON Spoke with George Krumbhaar, Minority Counsel, Joint Economic Committee, concerning processing of his request for compartmented clearances. I told him to expedite matters, he should contact [redacted] who works with [redacted] in DIA. I told Krumbhaar that I could not guarantee his request would be approved in time for the Agency briefing of the Committee on 23 June but that I would request DIA to move it along as quickly as possible. I later talked to [redacted] who said that [redacted] had gone to the Hill to get with Krumbhaar and pick up the paperwork.
