I told him they would be given on specific dates which have not been set, and that the whole program was still being ironed out. (This is in response to the request from the Charlotte, North Carolina Chamber of Commerce for a tour of the Agency.) I told Lofton that we do have sessions with groups, usually on the Hill, giving them a briefing on what the Agency is all about [redacted] briefings) and explained a bit about these. I said we would be glad to try to arrange such a briefing for this group if they would prefer. 6. (Unclassified - MMP) CONSTITUENT Michelle Farrar, in the office of Representative Paul N. McCloskey (R., Calif.), called. A constituent wrote a letter asking whether his name was included on the list of "26,000 Americans who were to be incarcerated without benefit of a trial in the event of a national emergency." The list was allegedly drawn up by intelligence agencies. I told her that, while I was quite certain that no such list was ever contributed to by the CIA, I would check and call her back. After consulting with [REDACTED] I called Ms. Farrar back and assured her that CIA has no knowledge of such a list. She said that she would answer the constituent. 25X1

7. (Unclassified - MMP) BRIEFING Attended the briefing of Peter Kyros and Suzanne Oetting, House Merchant Marine and Fisheries Subcommittee on Merchant Marine, by [REDACTED] The briefing took place in Room 1332 Longworth House Office Building and was unclassified. The briefing went smoothly and the only outstanding request is for some unclassified statistics that OER is working up with regard to Soviet merchant marine capabilities. 25X1

8. (Confidential - MMP) LIAISON Marty Fitzgerald, Congressional Liaison at GAO, called to request guidance on how to handle a classified letter from the Director to GAO Comptroller General Staats concerning NUMEC which some staffers on the Subcommittee on Energy and Power of the House Interstate and Foreign Commerce Committee, Chaired by Representative John D. Dingell (D., Mich.), had requested. After consulting with [REDACTED] I called Mr. Fitzgerald back and obtained the names of the staffers and told him that we would contact them directly. 25X1

9. (Internal Use Only - MMP) BRIEFING Pauline Baker, Senate Foreign Relations Committee staff, called to tell us about an executive session hearing that the Committee intends to hold on 10 February at 10:00 a.m. The subject will be foreign military presence in Africa - not limited to Cuban. She indicated that [REDACTED] would be an acceptable level for the sort of authoritative and detailed briefing that they have in mind. I called [REDACTED] who put this on their agenda and agreed that [REDACTED] would be the indicated man, supported by a Cuba analyst and himself. I will confirm these arrangements with Ms. Baker once the appropriate approvals have been secured. 25X1

21. [Redacted] LIAISON Talked with Bill Miller, Staff Director, Senate Select Committee on Intelligence, regarding the status of charter legislation. I informed Miller, in general, of conversations which took place on this subject at the DCI's meeting today and efforts we were making to move forward on this issue with the Committee. I did ask, however, if he thought it would still be meaningful to get together this afternoon since I understood from [Redacted] EA/DCI, that he (Miller) planned to draw up a new draft of the charter legislation which would be made available to us on Monday. Miller encouraged us to meet this afternoon for further dialogue and I told him that [Redacted] would head up our team that would be meeting with him, Elliot Maxwell, also of the Committee staff, and representatives of the House Permanent Select Committee on Intelligence.

Miller advised me that after consulting with Senator Birch Bayh (D., Ind.), who is expected to be the new Chairman of the Select Committee when the second session of the 95th Congress convenes, it had been decided to move Ambassador Carlucci's nomination confirmation hearings up to Friday the 27th of January for the open session and reserving Monday the 30th for executive session if it appears necessary for the hearings to run two days. This information has been passed on to Ambassador Carlucci as well as the DCI and A/DDCI.

1. [Redacted] LIAISON Called Stan Taylor, Senate Select Committee on Intelligence staff, at the request of George L. Cary, Legislative Counsel, and gave him the cite of a statute which permits foreign service officers to retain this status while serving in other government agencies. The question came up in Taylor's meeting yesterday with DDCI-designee Frank Carlucci.

2. [Redacted] LIAISON Received a call from Dick Giza, House Permanent Select Committee on Intelligence staff, who said he would like to meet with NFAC personnel in order to understand NFAC's process of evaluating their publications. He suggested any day next week except Monday. I told Giza his meeting with [Redacted] D/Owl, tomorrow would be in 5F46. The meeting concerns OWI use of telemetry. Giza told me [Redacted] in the EPDS/DDO was to have material for his review tomorrow as well. These materials were assembled after Giza's meeting with [Redacted] C/EPDS/DDO, on the DDO evaluation process.

6. LIAISON Received a call from Paula Belknap, on the House International Relations Committee staff. Belknap said by tomorrow morning she needs statistics on the percent of specific minerals used in the U. S. which were imported. I took the list of minerals but cautioned Belknap that I was not sure if CIA would maintain these statistics. After checking with office, CSS/NFAC, I called the Department of Commerce and spoke with Brian Hessler in their Legislative Department. He agreed they could undertake this request and said he would call Belknap. I called her to inform her what had transpired and she was quite agreeable.

7. LEGISLATION Called Bob Carlstrom, OMB, to ask him about several letters which we have pending. He said that the FOIA people were studying our letter to Representative Samuel Devine (R., Ohio) about amending the Freedom of Information Act, and he would get back to us as soon as this was completed. He said he hoped to have the letter on S. 1974, the Regulatory Flexibility Act, cleared by Friday, 13 January. Regarding the letters on S. 1720 and S. 1721, bills to amend the Administrative Procedure Act, he said he was not sure when they would be cleared because he was awaiting comments from DOD. He had contacted the Senate Judiciary Committee, and they had no problem with the delay. They merely wanted to be sure the Executive Branch was working on it. Mr. Carlstrom also extended the deadline for our comments on H. R. 10076, the Omnibus Right to Privacy Act, until 20 January and said he did not expect to be clearing any letters on that bill to the Committee for the foreseeable future.
