8. [ ] LLM) LIAISON Called Ken McLean, Staff Director, Senate Banking, Housing and Urban Affairs Committee, and outlined what I thought we would include in the close out to Senator William Proxmire's (D., Wis.) letter of 26 January. McLean felt it would be satisfactory although we may eventually have to sanitize some of the material.

9. (Unclassified - LLM) LIAISON In the absence of Bill Miller, Staff Director, Senate Select Committee on Intelligence, talked with Stan Taylor about facilitating the early Senate confirmation of Ambassador Carlucci as DDCI. I also arranged to pick up personal papers provided by Ambassador Carlucci to the Select Committee.

10. (Unclassified - LLM) LIAISON Accompanied [ ] NFAC/CSS, to one of the regular current intelligence briefings of House Minority Leader John Rhodes (R., Ariz.).

11. [ ] - LLM) LIAISON In the company of [ ] NFAC/CSS, met with Jack Brady, Chief of Staff, House International Relations Committee, on Chairman Clement Zablocki's (D., Wis.) letter of 29 November to the DCI on the declassification of the study Comparison of U.S. and Soviet Arms Sales to Less Developed Countries, 1974-76, explaining that cranking in new methodology is delaying our work but we hope to have a product responsive to their interests when they need it, which is sometime in April when the arms sales legislation will be in mark-up. Brady said there would be no need to see Chairman Zablocki on this matter.

12. [ ] - LLM) LIAISON Met with Henry Myers, on the staff of the House Interior and Insular Affairs Committee, and showed him the written responses to the three questions he had raised in our previous session concerning NUMEC. He added a fourth question. Myers said that the information they have received from all quarters still leaves serious gaps in what they need to know and that serious inconsistencies are developing. Myers was complimentary of the degree of cooperation and quality of information provided by Carl Duckett, former DDS&T. He said he also had faith that we were as candid and cooperative as possible. I told him I thought his expectations of our contribution were too high and he must understand that we are not a law enforcement agency and do not have a domestic investigative role in matters such as this and we are in fact precluded from doing this by statute.

15. [ ] - PLC) LIAISON Called Mike Epstein, Senate Select Committee on Intelligence staff, concerning the request of Mr. John Gavin, Department of Justice General Counsel's Office, [ ] Deputy General Counsel of the Agency, requesting access to the chapter "Budgetary Oversight" which was omitted by the Church Committee in Book I of its report for security reasons. A copy of the report in OLC files was reviewed by Jim Taylor, Comptroller, and he saw no objections to providing it. According to [ ] Gavin is preparing a low-level study on the funding of proprietaries and wanted to review information on that subject in the report. Epstein did not see any problem in granting access but requested that Mr. Gavin make his request directly to the Senate Select Committee on Intelligence. [ ] was so advised and will inform Gavin accordingly. [ ] earlier had given an indication that Gavin had discussed this request with Bill Miller, Staff Director, Senate Select Committee on Intelligence, and needed Agency clearances. 25X1

Talked later in the day with Epstein on another matter. I informed him that the letter from [ ] to Bill Miller, Staff Director, Senate Select Committee on Intelligence, was finalized and would be delivered tomorrow morning by special courier. 25X1

16. (Unclassified - PLC) LIAISON Called Professor G. Robert Blakey, Chief Counsel and Director, House Select Committee on Assassinations, and expressed [ ] concern that it should be made clear that the information derived by the Select Committee from the review of the Church Committee transcripts will be covered by the Memorandum of Understanding between the Select Committee and CIA. Blakey felt certain that this information would be covered in the disclosure section of the Memorandum of Understanding and will prepare a letter to the Agency concerning this point. He did not believe that a formal addendum to the present Memorandum of Understanding was necessary. I said we would agree with that when we see his letter.

17. (Internal Use Only - THW) LIAISON Tom Smeeton, House International Relations Committee staff, called stating that he had been informed by George Cary that the Representative Edward J. Derwinski (R., Ill.) matter was not the only reason for the stand down on provision of material to the House International Relations Subcommittee on International Organizations and asked if that information had been conveyed to the Subcommittee staff. I said it had been. He said it was an important point since Speaker of the House Thomas P. O'Neill (D., Mass.), House Minority Leader John J. Rhodes (R., Ariz.), Chairman Clement J. Zablocki, House International Relations Committee, and Attorney General Griffin Bell were meeting at 2:00 p.m. that day to attempt to resolve the problem and that it was Mike Hershman's, on the Subcommittee staff, position the only reason for the stand down in the first place was the Derwinski matter.

18. (Internal Use Only - THW) LIAISON Pete Stockton, on the staff of the House Interstate and Foreign Commerce Subcommittee on Energy and Power, called and said that Frank Potter, Staff Director of the Subcommittee, told him the NUMEC documents he wished to see were ready for him to review at Agency Headquarters. I told him there were 27 documents and he asked what percentage this was of CIA documents. I said 20 percent. He said it was his understanding following our last meeting that we were going to provide all of CIA's documents on this subject. I said this was not our understanding and that our agreement was that they would first take a look at these 27 documents and we would then discuss what more they might need.

19. (Unclassified - THW) LIAISON Marge Ross, in the Pleasant Hill, California district office of Representative George Miller (D., Calif.), called with respect to a former Agency employee, [redacted] She said they were unable to locate him and wondered if we knew where he might have gone after he left CIA. I said I would check on it.

3. [redacted] - DFM) LIAISON Received a call from Tom Moore, Senate Select Committee on Intelligence staff, who asked me questions regarding the cables delivered on 3 February relating to the [redacted]

25X1

25X1

[redacted] Moore asked me for the releasing and authorizing level of the cables, and about part of one of the cables which had been deleted from the copy provided the Committee. I told Moore that the DCI had approved the first two cables, had initialed one of the other two and we were confident that he was well aware of the fourth cable. The section deleted was merely administrative instructions.

6. (Unclassified - DFM) LIAISON Received a call from Stan Taylor, Senate Select Committee on Intelligence staff, who said he doubted the Senate would confirm the Frank Carlucci nomination in time for the swearing in ceremony to take place 8 February. He said the Republicans were insisting that the three day minimum between reporting of a nomination by a Committee and Senate floor action be respected in this case. Taylor said the Republicans feel the rule is being routinely waived when it should not be.

I reminded Taylor we had assembled some material for him on the subject of nuclear submarine detection and he said he would be here to review it next week.

25X1

7. [REDACTED] - DFM) LIAISON Called Patrick Long, House Permanent Select Committee on Intelligence staff, and asked him for a phone number where Representative Robert McClory (R., Ill.) could be reached in Geneva. Long said he would get one for me. Long indicated Representative Bob Wilson (R., Calif.) was under the impression there was [REDACTED] and asked Long to find out and report to him tomorrow on it. I told Long I would call him on the secure phone or see him in person on this.

25X1

Long also said H. Res. 658 calls for the development of a uniform set of definitions for intelligence related terms and he asked me if I could provide him anything on this subject. I said it was my understanding there is a task force underway to develop such definitions and I would check on the status of the task force. In addition I said we had done some work for the Senate Select Committee on Intelligence on this subject and I would provide him those papers as well.

8. (Unclassified - DFM) LIAISON Talked with Dick Giza, House Permanent Select Committee on Intelligence staff, regarding plans of Representative Charles Rose (D., N. Car.) to visit Agency Headquarters on 9 February. Giza indicated Rose was definitely planning on coming and would like to see the Operations Center, have a briefing on OTS, and receive an ADP demonstration on how an analyst uses computer terminals.
