OFFICE OF LEGISLATIVE COUNSEL

Monday - 1 May 1978

1. [Redacted] LIAISON Received a call from Dawn, House Select Committee on Assassinations staff, who asked that we arrange for a courier to go by 3381 House Annex #2 and pick up an unclassified letter addressed to [Redacted] of this office, has been notified.

2. [Redacted] LIAISON Returned a call from Dr. Michael Pillsbury, of the Senate Budget Committee staff. I informed Dr. Pillsbury that by the end of the week we, the CIA, should hopefully have a response to his request for compartmented clearances. He was in good spirits and made a number of jokes. Dr. Pillsbury then asked why requests for compartmented clearances had to go through the CIA at all. I explained to him, as I and [Redacted] had pointed out in the past, the DCI policy involving focalization of compartmented clearances within the CIA. In response to his query, I informed him that it would be easier if future requests came directly to the CIA with an explanation within as to why the particular clearance was being requested (i. e., need to know).

3. [Redacted] LIAISON Called Dick White, Administrative Assistant to Representative Dale Milford (D., Texas), and told him that we had searched all material available and had been unable to come up with any indication of the location of the World War II aircraft he had asked about. I suggested he contact DIA, which might have additional material that could be searched. He thanked us for our effort.

4. [Redacted] LIAISON Received a call from Arthur House, in the office of Senator Abraham A. Ribicoff (D., Conn.), who said the Senator would be giving a speech this afternoon and wondered if it would be possible for us to furnish him with a map of the general Near East area, particularly, Saudi Arabia and its neighbors by 3:00 p. m. After checking with CSS/NFAC, who said they would have their couriers drop the map off since they were going to the Hill anyway, I called Mr. House back and told him a map would be in his office by 3:00 p. m. He was most appreciative.

5. [REDACTED] LIAISON Called Sherry Towell, Chief Clerk, Senate Select Committee on Ethics, to thank her for providing us with a list of Committee staffers which specifies affiliation with the full Committee, the Korean inquiry, or the Morgan-Schmitt Senate Select Committee on Ethics Subcommittee. 25X1
6. [REDACTED] LIAISON Spoke to Don Sanders, Special Counsel, Morgan-Schmitt Senate Select Committee on Ethics Subcommittee, concerning the Subcommittee's Nondisclosure Agreement. I agreed with Sanders that certain changes in the Agreement were warranted. 25X1
7. [REDACTED] FBIS Called Peggy Wheeler, in the office of Representative George E. Brown (D., Calif.). I told her that we were attempting to update and consolidate our list of FBIS users. I asked if there would be any problem in sending all the Daily Reports going to the Congressman's office to one person, instead of the present three, and she said that would be fine. She asked if we could send them to her attention. 25X1
8. [REDACTED] FBIS Called Ellen Williams, in the office of Representative John Burton (D., Calif.). I told her that we were updating and consolidating our list of FBIS users. She informed me that the two people to whom we send Daily Reports to in her office were no longer there and asked to have them sent to her. 25X1
9. [REDACTED] LIAISON I called Jim Bush, House Permanent Select Committee on Intelligence staff, to discuss the letter from Chairman Edward P. Boland (D., Mass.) regarding a study of HUMINT. I suggested to Bush that the request for all studies, reports, Office of the Secretary of Defense audits, etc., by 15 May might be difficult to meet and produce unnecessary work. I asked him to consider reviewing an inventory of such materials before asking that they be furnished. He agreed to do so, asking that we pull together such an inventory as quickly as possible. I said we would try. I then called [REDACTED] DIA, and alerted him to the letter. He had not seen it, but said he would try to find it. I also mentioned this matter to [REDACTED] D/DCI/RM, who is interested in coordinating the Intelligence Community response to this request. 25X1

and wants to know what dissemination they were given.
