3. [redacted] Met with Earl Eisenhower, Senate Select Committee on Intelligence staff, who gave me a copy of a newspaper article about the discovery of classified documents in a print shop in Leesburg, Virginia. Eisenhower asked if the Agency had any involvement whatsoever in the case and whether the company, Bench Mark II, Inc., had any contact with the Agency. Eisenhower also showed me a list of names and organizations gleaned from Church Committee interviews of Dr. Harold Abramson, the New York psychiatrist to whom the Agency took [redacted] in the 1950s after he was given LSD. Eisenhower indicated he would check with Dr. Abramson to see if he had any objection to our providing these names to the Agency. On this same matter, I asked Eisenhower whether the Committee had a copy of the diary of George White, a former Bureau of Narcotics employee in San Francisco, who was involved in the MKULTRA program. Eisenhower will check. Eisenhower agreed to speak to a Mid-Career Course on 4 December.

Regarding the planned trip of Senator Daniel Inouye (D., Hawaii) to the Middle East in December, Miller told me he thought it was unlikely that Inouye would actually go but if he did, Miller would accompany him. Miller agreed to speak to the EUR Division Chiefs of Station Conference at Headquarters on 27 November if Chairman Birch Bayh (D., Ind.) is unable to make it.
