UNITED STATES GOVERNMENT SALARY TABLES

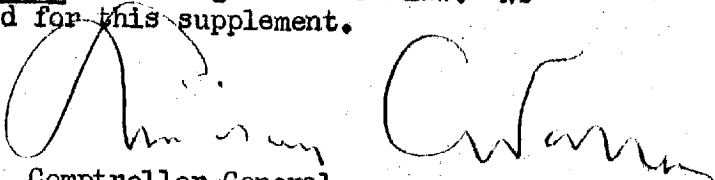

To: Heads of Departments and Independent Establishments.

Salary Table No. 34 will presently be issued for the use and information of those officers and employees of the Executive Branch of the Government concerned in the preparation, certification, and payment of civilian payrolls and pay vouchers. The table has been prepared to give effect to the provisions of S.622 (enacted by the Congress October 19, 1951) when it is approved, and the Revenue Act of 1951, Public Law 183, approved October 20, 1951.

Not later than November 5, 1951, departments and establishments shall submit requisitions through regular administrative channels to the Public Printer on Standard Form No. 1, specifying "General Accounting Office Salary Table No. 34", for such quantity thereof as may be needed, in order that all requisitions submitted may be combined and the table printed in one edition.

Salary Table No. 34 will be about 8 by 10 $\frac{1}{2}$ inches in size, will consist of approximately 76 pages, and will include schedules for 40, 44, and 48 hour weeks, as well as the salary deductions applicable both to those employees under the Civil Service Retirement System and those subject to the provisions of the Social Security Act Amendments of 1950 (F.I.C.A. deductions).

Prior to the issuance of Salary Table No. 34 there will be issued as a special service, in order to simplify computations under the retroactive feature of S.622, a supplementary table covering the salary increase only resulting from said law. No requisitions need be submitted for this supplement.
