- (2) Issue and circularize on a priority basis a Final Payment Clearance Sheet - Form 21 in accordance with Agency clearance procedures.
- (3) Upon return of the Final Payment Clearance Sheet, and in accordance with notations thereon, initiate action for issuance of an appropriate Military Travel Order authorizing the detail to proceed direct to his next post of assignment, or to return to Washington, as the case may be.
- (4) Transmit to Finance Division one legible copy of the Military Travel Order.

b. The following instructions will govern a military detail who is authorized to proceed directly to his next post of assignment and is to be allowed commercial transportation at Agency expense:

- (1) Field Stations will normally only be permitted to provide at Agency expense commercial transportation from POE to POB for the traveler and his dependents, in the form of commercial transportation tickets or the exact amount of cash to procure same. In special cases, the COS may also authorize the military detail to ship his POA at Agency expense, and in such cases will prepay the shipping charges or provide the traveler with the exact amount of cash to pay for the shipment. In addition the COS may authorize the traveler to claim, from the Agency, transfer charges with respect to his authorized hold baggage from his overseas post of assignment to the POE only. Field stations will not be authorized to prepay this item.
- (2) The military detail will be required to submit within 15 days after his arrival at his new post of assignment an accounting to the Agency by using a covert address previously provided.
