25X1A9a

- a. It would be desirable to get a firm decision by the Board on the paper, entitled "Selection of Permanent Career Staff" and forward its recommendation to the Director.

~~CONFIDENTIAL~~

b. The "Career Selection Report" can be reproduced in a limited preliminary edition if the Board wishes comments on it from their components before approval. However, it is strongly recommended that the Board accept or reject it as a "package". The wording of the elements, throughout, is balanced with respect to the wording of other elements.

Item 6 - a. "Selection" (previous item) leads into first of proposed policies, i.e., "evaluation". Possible controversy is the fact that Testing (Office of Personnel), Assessment (Office of Training), and Psychiatric Evaluation (Medical Staff), are under separate chains of command.

b. Competitive promotion is going to be highly controversial.

Item 7 - Declassification National Security Medal - no anticipated problems.
