Approved For Release 2001/08/01 : CIA-RDP80-01826R000800020007-9 29 NOV 1956

Notes for the Chairman

1. Col. White has the most recent information on approval of the Competitive Promotion regulation.
2. Neither Mr. Dulles nor Gen. Cabell have as yet signed the all-employee notice on "Assignments" recommended to them by the Council.
- 25X1A9a 3. [REDACTED], Office of Training, is referring a draft of the regulation and notice to the Ad Hoc Committee on Language Training tomorrow for their approval. (I will attempt to have this coordinated and on the agenda of the Council by a week from today for consideration by the Council at its next meeting on 13 December.)
4. I recommend that the Council meet on 13 December to finish selection of candidates for Army, Navy, and War Colleges, to formally approve the language development regulation, and to approve a field version of the Competitive Promotion regulation which I hope will have been coordinated by that time. The Council presumably will not meet again until the 3rd or 10th of January.
5. On 8 November the Council approved your recommendation that I prepare a schedule and program for the Council's activities. I have identified about 10 matters in which the Council has recently been interested. In view of efforts we have made along these lines in the past which have caused a certain amount of friction, I strongly recommend that I spend half an hour with each Council member, at his convenience, and after that draw up a program to be presented two weeks from today. I believe such "pre-coordination" will help to gain acceptance of whatever program these consultations reveal the Council members wish to have.
6. There will be an Honor Awards ceremony in the DCI Conference Room on Friday, 7 December at 11:15 A.M. Gen. Cabell will present the awards.
