Memorandum

TO : DD/S&T

DATE: 7 June 1966

FROM : C/SAS/DD/S&T

SUBJECT:

25X1A

My analysis of [redacted] Data is continuing, but at a slower pace than I had hoped. Nevertheless, enough progress has been made to justify the attached memo, which I hope can be given a fairly wide distribution; i. e., SAC, NSA, DIA, CGS, NIPE, NRO, [redacted]

Another reason for the issuance of the memo is that it contains a documented justification for some of the key numbers in a draft of a SIGINT Cost-Effectiveness paper. This comparison of SIGINT programs is prepared for insertion via the COMOR Cost-Effectiveness Task Force, COMOR, USIB, and thence to NRO, hopefully for their action. This study will be covered by something [redacted] will write which will contain specific action recommendations.
