MEMORANDUM FOR: Deputy Director for Science and Technology

SUBJECT: ABM Study

1. We have been attempting to summarize and organize the inputs furnished by the offices into a form which might be useful. So far this summarization is not complete primarily because of the checking back we are doing to make sure the inputs contain information from which usefulness, cost and availability can be extracted. Additionally, OEL, in response to your instructions of 29 July, is aiming at a 16 August date for completing their inputs.

2. Tentatively, it appears that immediate and useful actions will include:

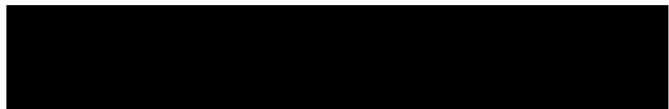

25X1D

There may be more when the rest of the inputs come in.

3. I estimate that an organized paper will be ready by 26 August which should comfortably meet the one or two months' schedule set by USIB. [redacted] of my office is taking the lead in the assembly and summarization actions.
