MEMORANDUM FOR: Office of Computer Services

SUBJECT: Programmer-Analyst Assistance

25X1A

25X1A

25X1D

1. During a discussion with Mr. Briggs, [redacted] and [redacted] a proposed computer program was described

[redacted]
the Watch Committee. This program, though conceptually straight-forward, has a considerable degree of complexity and would depend on some appreciation of collection systems, ground environments

25X1D

2. It is requested that a programmer-analyst be assigned this task on a full time basis starting immediately. An intimate
