UNITED STATES INTELLIGENCE BOARD
COMMITTEE ON DOCUMENTATION

Revision of DCID No. 1/9: Biographic Intelligence

1. Attached for the record and internal coordination as appropriate are additional copies of the two draft revisions of DCID 1/9 to be distributed at the CODIB meeting on 13 July 1961. Draft A is essentially the same as the original version, slanted mainly toward maintenance of biographic data, but with footnotes added on biographic data collection and counterintelligence responsibilities. Draft B is worded to emphasize production as well as maintenance of biographic information and to stipulate collection responsibilities in the body of the text.

2. Subsequent action will depend on the outcome of discussions at the 13 July meeting.
