Deputy President
U.S. Army Security Agency Board
Arlington Hall Station
Arlington 12, Virginia

Attention: Major C. B. Ablett

Dear Major Ablett:

Pursuant to your discussions with Messrs. [redacted]
[redacted] of CIA, attached hereto is a copy of the file on the activities of
CODIE's Working Group on Remote Systems Input and related corre-
spondence. Also attached are copies of two IBM papers on terminal
equipment.

As you know, Mr. William A. Haynes, Bureau of Ships, Department
of Navy, will be in charge of the program leading to the development of
a new input device on behalf of the USIB agencies. Any information you
can make available to Mr. Haynes on those ASA developments and leads
to contractors which pertain to the USIB requirements will be a welcome
contribution to this community effort.

Sincerely,

Paul A. Borel
Assistant Director
