MEMORANDUM FOR: Coordinator for Academic Relations
SUBJECT : The CIA Blue Book

Hal:

1. I discussed this project with Ed who in turn raised it with Colonel White. We are all agreed we want the best possible product and that there is no crashing urgency to publish. Therefore, we would like to have you take over as the case officer for producing a better draft.

2. In doing this, please consult with the other individuals listed on Colonel White's routing slip. I gather General Counsel and Legislative Counsel also have an interest in making sure the document is an accurate reflection of the Agency and its relationships with Congress, as well as the statutes.

3. We are not assigning any hard deadline, but I suspect Colonel White would like to see the result before too long. In addition to your comments, which I am returning, I also attach Walter Pforzheimer's

Chief
DDI Executive Staff
