Dear Mr. Schlesinger:

During the first week of May, PROJECT UPDATE will send fifteen Princeton students to Washington for a series of seminars on current issues of national concern. Annually sponsored by Whig-Clio, this Program has proven to be a rare opportunity for Society members to meet with policy makers in government, business, journalism, and the military.

We have found that an undertaking like PROJECT UPDATE is an invaluable part of our education, for it provides the type of first-hand knowledge and insight that is often lacking in the academic environment. As Director of the Central Intelligence Agency, your participation in this program would particularly be of value and would lend to making our visit a most successful venture.

Should you decide to take part in PROJECT UPDATE, we will make every effort to adapt our schedule to yours. The group will be in Washington from Monday, May 7, through Thursday, May 10. The seminar, which can last from thirty minutes to an hour, could be conducted at virtually any time and place that would be convenient for you.

We look forward to your reply, and thank you for your time and cooperation.

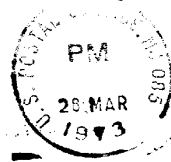

Sincerely,

Peter Segall
